Lauren -

Thank you for scheduling the call this morning, and for this additional information.

Also, thank you for confirming during the call this morning that the call itself met the notice letter requirement that we respond within 14 days.

Best,

Gary

Subject: sampling information

As requested during this morning's conference call, attached is the draft sampling plan for the Lower Ley Creek Subsite and a few maps of the sampling area. Please note, these maps do not show (and the sampling plan does not yet mention) the area on the northern bank of the Creek between the Salina Landfill and Beartrap Creek. An addendum will be added for the sampling in that area, which will entail taking 5 to 10 bank samples no deeper than 2 feet.
